Guidelines for Cremation Urn Dimensions and Niche Capacity in All Columbaria Listed Above

In all of our columbarium structures, the internal dimensions of the niches are **11" high x 11" wide x 16" deep**. Each niche is designed to contain two (2) individual cremation urns with the stipulation that those urns are in compliance with the urn dimension guidelines listed below. Please note that regardless of the geometric shape and the material from which an urn is made, the overall size of each urn must not exceed the following height, width, and depth dimensions:

- ❖ **Height** – top to bottom of an urn in the niche – **Not to Exceed 10 Inches**
- ❖ **Width** – side to side of an urn in the niche – **Not to Exceed 10 Inches**
- ❖ **Depth** – front to back of an urn in the niche – **Not to Exceed 16 INCHES**
